

a.) Amendment to the Specification:

Please amend the paragraph starting at page 24, line 18 and ending at page 25, line 4 to read as follows.

The dose and administering frequency of the compound used in the present invention vary depending upon dosage form, age and body weight of a patient, nature or degree of severeness of the diseases to be treated, etc. and, usually, in the case of oral administration, ~~0.01 to 1 g or~~ 0.01 mg to 1 g or, preferably, 1 to 150 mg per day is administered to an adult once daily or several times a day. In the case of parenteral administration such as inhalation and intravenous administration, ~~0.01 to 1 g or~~ 0.01 mg to 1 g or, preferably, 0.1 to 100 mg per day is administered to an adult once daily or several times a day. However, the dose and the administering frequency as such vary depending upon the above-mentioned various conditions.
